

R&M Data Center / LAN

10th Roadshow 2022 in BeLux

Dear Customer

We are glad to inform you that we are launching our 10th R&M Roadshow from March to November 2022 among Europe. With **Data Center and LAN**, the roadshow features various **new products in the field** of communication and data networks.

Most important globally available LAN and data center connectivity solutions from R&M shown in the roadshow bus. From new technologies like Cat. 8.1 copper module, FO Field connector without splicing, Power over Ethernet (PoE) and FO cables to various copper and fiber panels like our Netscale family supporting IoT applications and DCIM-App R&MinteliPhy, to manage the connectivities. All to be integrated up to a complete system.

You are warmly invited to be part of the Roadshow 2022. Our experts are delighted to share the latest technological developments with you **March 24 & 25 by Seba Service**. Please contact our local sales team to set up an appointment.

We look forward to seeing you soon and remain with
Best regards

Your Roadshow Team
